

Vincenzo Corrado

Full Professor of Building Physics and
Building Energy Systems

Politecnico di Torino, Italy

TIMEPAC-2022

International Workshop

Turin, November 30th 2022

**Politecnico
di Torino**

Enhancing energy performance certification to drive the deep renovation of Europe's building stock

Vincenzo Corrado

Politecnico di Torino

Professor of “Building physics and building energy systems”

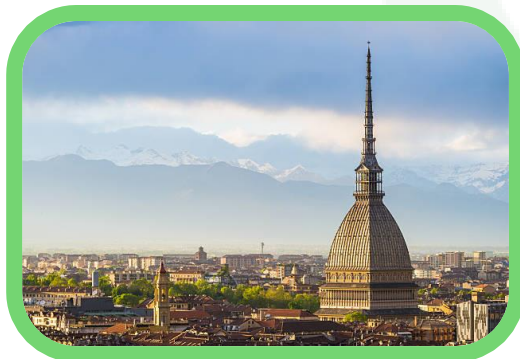

TIMEPAC-2019 - Barcellona

TIMEPAC-2021 - Ljubljana

TIMEPAC-2022 - Torino

TIMEPAC

Towards
Innovative
Methods for
Energy
Performance
Assessment and
Certification of
Buildings is a Horizon
2020 research project.

9:00 - 9:50

Session 0 - Opening session

Chair - Vincenzo Corrado

9:50 - 12:45

Session 1 - Enhanced EPC in the framework of legislative evolution

Chair - Álvaro Sicilia

12:45 - 16:10

Session 2 - Methods and tools to assess zero emission buildings and advanced technologies

Chair - Ilaria Ballarini

16:40 - 17:50

Session 3 - Capacity building and training perspectives

Chair - Alice Gorrino

- 11:05 - 11:35 - Coffee break
- 13:15 - 14:15 - Lunch break
- 16:10 - 16:40 - Coffee break

- The event will be streamed on Zoom Webinar
- The Q&A will be addressed on the webinar chat
- To ask a question remember to write the **session number** and the **main presenting author** (e.g., «Session 1 - @PresentingAuthorSurname. I have a question regarding...»)
- To answer a question remember to write the name of the person you are answering to, as well as the session and the main presenting author (e.g., «Session 1 - @PresentingAuthorSurname- Answering to @Surname regarding his question...»)

The session link is available on the TIMEPAC website
